INESC TEC supports costs with registration, enrolment or tuition fees, during the grant duration, under the terms established in the internal document: "[Payment of Tuition fees to grant holders](#)".

The grant holder will benefit from health insurance, supported by INESC TEC.

2. OBJECTIVES:

Contribute for the development to a new BioSampler solution to be used in the future to eDNA sampling in the ocean, with application in polar regions.

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

Develop the mechanical solution for the modified BioSampler system for eDNA realtime water sampling and filtering in the context of the FCT Connect2Oceans project. This work plan comprises the redesign and implementation of a mechanical and micro-hydraulics solution for the system to be underwater as well as the consideration for its use in extreme weather conditions such as occurring in polar regions. It also includes the test and validation activities and the support in the implementation in the field. As part of the work the development of all associated documentation and manuals is also a requirement.

4. REQUIRED PROFILE:

Admission requirements:

Bachelor's or Master's student in Electrical Engineering and Computers or Mechanics or similar
The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

Experience in developing applications in ROS. Experience in designing micro fluid systems.

Minimum requirements:

Previous experience with C programming for STM32 microcontrollers and use of real-time operating systems such as FREE RTOS; drawing experience in Solidworks.

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the Regulations for Grants of INESC TEC, while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 60%), Scientific Publications (PC, 0%), Experience (EX, 20%) and Motivation Letter (CM, 20%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

The Selection Jury is composed of the following members:

President of the Jury: Eduardo Silva

Full member: Diana Viegas

Full member: Hugo Miguel Silva

Substitute member:

Release of results and prior hearing: the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.
