Job description:

Work Area: Legal Sciences
Project overview: The work to be developed consists of providing legal support to a research institution, by applying the national, European and international legal framework for research institutions to the organisation in all its aspects, from institutional to contractual activity. This support will include the preparation of contractual drafts, definition and negotiation of contractual conditions, monitoring of relations with external entities (e.g. Courts, Funding Bodies and Auditors) in order to ensure compliance with the institution's legal obligations, as well as the preparation of internal legal opinions. The work will involve the permanent need to update knowledge in order to guarantee the best and most appropriate legal framework.
Objectives: Support for the institution in its day-to-day activity, namely in negotiating contractual terms with national and international entities subject to different legal regimes, in solving institutional problems of a civil/commercial nature, such as participation in companies and other entities, or incorporation of companies, as well as legal support in the scope of R&D projects and funded, national and international projects and dispute prevention. Given the nature of the institution and its legal framework, you should be prepared to answer basic questions of Public Law, ensuring a good articulation between both fields, in addition to the analysis, synthesis and preparation of opinions/documentation related to the activities of the institution.

Academic Qualifications:	Master's degree in Law, with a specialisation in the legal-private area, namely in the areas of contract law and/or commercial law and/or law and management.
Minimum profile required:	2 years' experience in a similar position; Proven experience in the use of Microsoft Office applications (Word, Excel, Access, PowerPoint, etc).
Preference factors:	1) Experience in legal support to research institutions or companies; 2) Training or practice in legal English; 3) Interest and previous contact in technological areas.

Funding Entity:	
Type of contract:	fixed-term contract
The hiring shall be governed by what is stipulated in the legislation in force regarding fixed-term employment contracts and by INESC TEC norms.	

Selection criteria:	The selection of the candidates will be based on the following criteria, in descending order of consideration: a) Relevant Curriculum in the concerned field of this tender b) Proven experience.
Selection Jury:	President of the Jury: Rita Ribeiro Barros; Member: Prof. Maria da Graça Barbosa; Member: Prof. Ana Margarida Pereira;
Notification of results:	The results of the selection process will be sent to the interested by electronic mail.
Application period:	From 2023-07-06 to 2023-07-31
