The grant holder will benefit from health insurance, supported by INESC TEC.

### 2. OBJECTIVES:

In environments where multiple entities continuously provide data over which they do not play an authoritative role, it is crucial to adopt trust mechanisms for both the data and its sources. Therefore, this work plan's main objective is to explore trust mechanisms based on digital identity management systems and methods for consolidating data produced by non-authoritative entities. The work is part of the "Alliance for the Energy Transition" project, which will design a platform based on cloud, multi-tenant technologies that will serve as an integrator for services with data from various domains in an interoperable way and simple to deploy for stakeholders in the energy value chain

### 3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

- Survey and study of non-authoritative digital identification systems;
- Survey and specification of functional and non-functional requirements for non-authoritative identity systems;
- Survey and study of data consolidation systems;
- Design and implementation of proofs of concept and evaluation scenarios for the components developed;
- Production of progress reports and scientific articles.

#### 4. REQUIRED PROFILE:

##### Admission requirements:

Attending a doctoral program in Computer Science or Computer Engineering.

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

##### Preference factors:

- Experience in Information Security;
- Knowledge of digital identity systems;
- Knowledge of self-sovereign identity systems;
- Knowledge of data fusion mechanisms;
- Experience in producing technical reports and scientific articles.

##### Minimum requirements:

- Knowledge of Linux system administration;
- Knowledge of cryptography and information security;
- Knowledge of distributed systems;
- Knowledge of application development;
- Knowledge of Python, Java, and C language development;
- Proficiency in English and Portuguese.

#### 5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

**Selection criteria and corresponding valuation:** the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 60%), Scientific Publications (PC, 10%), Experience (EX, 20%) and Motivation Letter (CM, 10%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

##### DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

##### The Selection Jury is composed of the following members:

President of the Jury: João Marco

Full member: Fábio André Coelho

Full member: António Luís Sousa

Substitute member: João Tiago Paulo

**Release of results and prior hearing:** the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.

#### 6. FORMALISATION OF APPLICATIONS:

### Application Documents:

1. Motivation letter;
2. Curriculum Vitae (must include the list of previous fellowships, their type, beginning and end dates, funding entities and host institutions);
3. Certificate or diploma degree;
4. Proof of enrollment in a degree awarding study cycle or in a non degree awarding Higher Education program.
  - The proof of enrollment may be presented just during the grant hiring stage.
