- Contribute to the development of a management solution for energy storage systems, considering a set of real use cases and pilots

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

- Development of a methodology for the optimal operation of energy storage systems, taking into account the participation in energy markets, flexibility and system services markets;
- Developing technical and economic feasibility studies for real use cases.
- Contribution to the development of optimal dispatch applications for the storage system.
- Publication of results in leading conferences and journals in the field;

4. REQUIRED PROFILE:

Admission requirements:

Electrical Engineering or similar

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

Previous experience in the modelling of optimal dispatch problems, considering ancillary service provision

Minimum requirements:

At least one paper in conference or journal.

Solid experience in optimization and development of stochastic models

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 50%), Scientific Publications (PC, 20%), Experience (EX, 20%) and Motivation Letter (CM, 10%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

The Selection Jury is composed of the following members:

President of the Jury: Bernardo Silva

Full member: Clara Sofia Gouveia

Full member: Ricardo Jorge Bessa
