

CALL FOR GRANT APPLICATIONS (AE2025-0553)

INESC TEC is now accepting grant applications to award 1 Research Grant (BI) within the scope of the project DFence, with reference 18408 (NORTE2030-FEDER-01474400) Co-funded by ERDF - European Regional Development Fund through the Innovation and Digital Transition Thematic Programme (COMPETE 2030) within the scope of Portugal 2030.

1. GRANT DESCRIPTION

Type of grant: Research Grant (BI)

General scientific area: ENGINEERING

Scientific subarea: Computer engineering

Area of Work: Computer Vision and Geospatial Data Science

Grant duration: 6 months, starting on 2026-01-14, with the possibility of being renewed until the end of the project.

Scientific advisor: Davide Rua Carneiro

Workplace: INESC TEC, Porto, Portugal

Maintenance stipend: € 1309.64, [according to the table of monthly maintenance stipend for FCT grants](#), paid via bank transfer. Grant holders may be awarded potential supplements, according to a quarterly evaluation process (Articles 19, 21 and 22 of the [Regulations for Grants of INESC TEC](#) and Annex II), up to a maximum limit of 50% of the monthly maintenance stipend.

INESC TEC supports costs with registration, enrolment or tuition fees, during the grant duration, under the terms established in the internal document: "[Payment of Tuition fees to grant holders](#)".

The grant holder will benefit from health insurance, supported by INESC TEC.

2. OBJECTIVES:

- To broaden knowledge of the state of the art in the specific scientific area of the scholarship;
- To identify and select the appropriate methods for the study in question;
- To develop research skills through the application of the selected methods;
- To exercise critical thinking in the evaluation of the research process and the results obtained.

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

The work and training plan focuses on the data pipeline, ETL, and MLOps needed to support the DFence project, specifically in extracting information from satellite images and sensors (IoT/UAV), and characterising soils and animals to feed the system's models and dashboards.

Tasks:

- Contribute to the state of the art and support the writing of technical and scientific documentation (data procedures and guides).
- Design and implement ETL pipelines for satellite images (e.g., Sentinel), UAVs, and IoT sensors, with quality control and cataloguing/metadata.
- Maintain data infrastructure (data lake/warehouse), dataset versioning, and access/serving APIs.
- Develop computer vision pipelines for soil and animal characterisation (pre-processing, indices/NDVI, segmentation/detection, feature extraction).
- Implement MLOps (reproducible training/validation, experiment tracking, CI/CD, containerisation and deployment).
- Create analytical scripts and dashboards for data/model monitoring and prototype testing support, ensuring

good GDPR practices.

4. REQUIRED PROFILE:

Admission requirements:

- Master's degree in Computer Engineering/Computing, Data Science or related fields.

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

- Fluency in Portuguese.
- Candidate enrolled in or attending a doctoral programme.
- Experience in data engineering/ETL, MLOps and geospatial computer vision (Python, GDAL/rasterio, GeoPandas, PyTorch/TensorFlow).
- Knowledge of IoT/APIs, SQL/NoSQL and geospatial data management.

Minimum requirements:

- Average grade in bachelor's and master's degrees above 14.
- 1 article accepted for presentation at a conference or publication in a journal.

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 35%), Scientific Publications (PC, 20%), Experience (EX, 30%) and Motivation Letter (CM, 15%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

The Selection Jury is composed of the following members:

- President of the Jury: Davide Rua Carneiro
- Full member: Catarina Moreira Marques
- Full member: Hugo Miguel Ferreira
- Substitute member: António Lucas Soares

Release of results and prior hearing: the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.

6. FORMALISATION OF APPLICATIONS:

Application Documents:

1. Motivation letter;

2. Curriculum Vitae (must include the list of previous fellowships, their type, beginning and end dates, funding entities and host institutions);
3. Certificate or diploma degree;
4. Proof of enrollment in a degree awarding study cycle or in a non degree awarding Higher Education program.
 - The proof of enrollment may be presented just during the grant hiring stage.
5. Signed declaration stating the infringement of the grant holder's duties (article 14, no. 4)
6. Documental evidence to support the country of residence, residence permit or other legally equivalent document, in cases where the applicant is a foreigner or non-resident in Portugal - valid until the beginning of the grant.
7. Other supporting documents relevant to the final assessment.

Failure to deliver the required documents within the 90-day period after the date of the notice of the conditional awarding of the grant implies its cancellation.

Application period: From 2025-11-27 to 2025-12-12

Submission of applications: the application will be formalised by submitting the form available in the *Work With Us* section of INESC TEC website.

7. BINDING LEGISLATION AND REGULATION

The hiring process shall comply with the current legislation regarding the Research Grant Holder Statute, approved by Law no. 40/2004 of August 18, in its current wording, as well as by the [Regulations for Grants of INESC TEC](#) and for [FCT Grants Regulation in force](#).

For more information, please check the [Regulations for Grants of INESC TEC](#) and relevant annexes at www.inesctec.pt/bolsas
