

CALL FOR GRANT APPLICATIONS

(AE2026-0144)

INESC TEC is now accepting grant applications to award 1 Research Grant (BI) within the scope of the The EuroCC3 project has received funding from the European High-Performance Computing Joint Undertaking (EuroHPC JU) under grant agreement No. 101306701, within the framework of the Horizon Europe Programme for the period 2021–2027, and from National Funds through Fundação para a Ciência e a Tecnologia, I.P. (FCT).

1. GRANT DESCRIPTION

Type of grant: Research Grant (BI)

General scientific area: COMPUTER SCIENCE

Scientific subarea: Informatics

Area of Work: Code optimisation

Grant duration: 12 months, starting on 2026-07-01, with the possibility of being renewed until the end of the project.

Scientific advisor: André Martins Pereira

Workplace: Braga

Maintenance stipend: € 1359.64, [according to the table of monthly maintenance stipend for FCT grants](#), paid via bank transfer. Grant holders may be awarded potential supplements, according to a quarterly evaluation process (Articles 19, 21 and 22 of the [Regulations for Grants of INESC TEC](#) and Annex II), up to a maximum limit of 50% of the monthly maintenance stipend.

INESC TEC supports costs with registration, enrolment or tuition fees, during the grant duration, under the terms established in the internal document: [Payment of Tuition fees to grant holders](#).

The grant holder will benefit from health insurance, supported by INESC TEC.

2. OBJECTIVES:

- Develop and optimize scalable code and workflows to enhance the performance of industrial and scientific applications on HPC infrastructures;
- Provide technical guidance and support for resource allocation calls to ensure users can effectively access and utilize national and EuroHPC supercomputing assets;
- Strengthen the national HPC ecosystem by documenting expertise in a public portfolio and monitoring progress against EuroCC performance indicators.

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

- Identify and profile the computational bottlenecks of target SME and public sector applications to establish technical baselines for optimisation.
- Refactor and optimise user codebases using advanced parallel programming models to maximise performance on national and EuroHPC architectures.

- Develop and test customised job submission workflows to streamline the migration of user applications to high-performance computing environments.
- Provide direct technical assistance to stakeholders in drafting and submitting competitive applications for EuroHPC resource allocation calls.
- Consolidate successful use cases and technical "lessons learned" into a public-facing portfolio to facilitate broader knowledge transfer.
- Monitor and document all task activities in accordance with EuroCC performance indicators to ensure project compliance and reporting accuracy.

4. REQUIRED PROFILE:

Admission requirements:

- MSc in Computer Engineering.
- The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

- Experience in parallel code optimisation;
- Experience in the use of HPC disaggregated resources;
- Experience in profiling in supercomputing environments.

Minimum requirements:

- Experience in workflow optimisation;
- Proficient in Python, C and C++ programming language;
- Experience in using supercomputing resources;
- Experience in parallel programming.

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 60%), Scientific Publications (PC, 0%), Experience (EX, 30%) and Motivation Letter (CM, 10%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (70%) and EI (30%).

DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

The Selection Jury is composed of the following members:

President of the Jury: André Martins Pereira

Full member: Ricardo Gonçalves Macedo

Full member: António Luís Sousa

Substitute member: João Tiago Paulo

Release of results and prior hearing: the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.

6. FORMALISATION OF APPLICATIONS:

Application Documents:

1. Motivation letter;
2. Curriculum Vitae (must include the list of previous fellowships, their type, beginning and end dates, funding entities and host institutions);
3. Certificate or diploma degree;
4. Proof of enrollment in a degree awarding study cycle or in a non degree awarding Higher Education program.
 - The proof of enrollment may be presented just during the grant hiring stage.
5. Signed declaration stating the infringement of the grant holder's duties (article 14, no. 4)
6. Documental evidence to support the country of residence, residence permit or other legally equivalent document, in cases where the applicant is a foreigner or non-resident in Portugal - valid until the beginning of the grant.
7. Other supporting documents relevant to the final assessment.

Failure to deliver the required documents within the 90-day period after the date of the notice of the conditional awarding of the grant implies its cancellation.

Application period: From 2026-05-21 to 2026-06-03

Submission of applications: the application will be formalised by submitting the form available in the *Work With Us* section of INESC TEC website.

7. BINDING LEGISLATION AND REGULATION

The hiring process shall comply with the current legislation regarding the Research Grant Holder Statute, approved by Law no. 40/2004 of August 18, in its current wording, as well as by the [Regulations for Grants of INESC TEC](#) and for [FCT Grants Regulation in force](#).
