The grant holder will benefit from health insurance, supported by INESC TEC.

### 2. OBJECTIVES:

Design and adapt mechanical components that allow for the simple, robust, and efficient installation of smart traps in real-world use;

Support the assembly, testing, and validation of prototypes;

Contribute to the preparation of units to be delivered to end users;

Attend delivery, demonstration, and validation workshops with end users;

Support the monitoring of the server and communication services associated with the smart traps;

Identify installation, operation, or communication problems and support their technical resolution.

### 3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

The work plan includes the design and adaptation of mechanical components to facilitate the installation of smart traps in real-world settings, the assembly, testing, and validation of prototypes, support for preparing units to be delivered to end users, and technical monitoring of communication and server services associated with system operation.

### 4. REQUIRED PROFILE:

### Admission requirements:

Bachelor's degree in Mechanical Engineering or related field.  
The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

### Preference factors:

Experience in developing solutions for agriculture;  
Experience in designing components for field installation;  
Experience in mechanical integration of electronic or IoT devices;  
Basic knowledge of communication systems, servers, or IoT platforms.

### Minimum requirements:

Bachelor's degree in Mechanical Engineering or related fields;  
Experience in developing mechanical solutions using CAD tools, preferably Fusion 360;  
Experience in rapid prototyping and 3D printing;  
Ability to assemble, test, and validate prototypes;  
Ability to work independently and as part of a team.

## 5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

**Selection criteria and corresponding valuation:** the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 45%), Scientific Publications (PC, 5%), Experience (EX, 45%) and Motivation Letter (CM, 5%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

### DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

### The Selection Jury is composed of the following members:

President of the Jury: Filipe Neves Santos

Full member: André Silva Aguiar

Full member: André Rodrigues Baltazar

Substitute member: Luís Carlos Santos

**Release of results and prior hearing:** the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.

## 6. FORMALISATION OF APPLICATIONS:

### Application Documents:

1. Motivation letter;
2. Curriculum Vitae (must include the list of previous fellowships, their type, beginning and end dates, funding entities and host institutions);
3. Certificate or diploma degree;
4. Proof of enrollment in a degree awarding study cycle or in a non degree awarding Higher Education program.
  - The proof of enrollment may be presented just during the grant hiring stage.
5. Signed declaration stating the infringement of the grant holder's duties (article 14, no. 4)
6. Documental evidence to support the country of residence, residence permit or other legally equivalent document, in cases where the applicant is a foreigner or non-resident in Portugal - valid until the beginning of the grant.
7. Other supporting documents relevant to the final assessment.

Failure to deliver the required documents within the 90-day period after the date of the notice of the conditional awarding of the grant implies its cancellation.
