

PhD Candidate full name:

Mafalda Francisco Ramôa da Costa Alves

Dissertation Title: On the Quest for Shallow, Accurate, and Cost-Efficient Ansätze for Variational Quantum Algorithms

Date: 19/05/2026 14:00

Location: University of Minho | Sala de Atos - Campus de Azurém, Guimarães

Higher Education Institution: University of Minho

Doctoral Programme: Doctoral Program in Informatics

Principal Supervisor at INESC TEC: Luís Paulo Peixoto dos Santos

Additional Supervisor: Ernesto Galvão (UF Santa Catarina); Sophia Economou (Virginia Tech)

Scientific Domain: [Computer Science and Engineering]

Keywords: ADAPT-VQE
